

12th January 2021

Brexit Statement

As of 1st January 2021, the United Kingdom has left the European Union.

Rotec Security is a UK-based business working with UK suppliers; we therefore foresee minimal impact to the business, our products and our service offering. We have reviewed our business position to ensure we comply with all new terms and legislation set out by the UK Government.

Workforce

- All of our suppliers and employees are based within the UK, so there will be no impact to our workforce

Cross border trade

- Only a small proportion of our materials are imported from the EU, resulting in minimal effect on our margins and costing

Materials

- We maintain regular contact with our supply chain partners to ensure materials are readily available
- Where necessary, we have ringfenced materials to mitigate any potential supply chain shortages.
